Dear Marily,

Re: Suma Stud—Dispersal Sale of Sport Horses.

I have been meaning to write ever since the above to congratulate and Susan on conducting and staging a most impressive sale of performing athletes.

The whole concept from the start was innovative for this country and how good and informative to see broodmares actually move!!

The foals and other young stock did their own wonderful show and the attention to detail of their turn out on the day was most commendable and you have to be congratulated on that also.

I would like to thank you for giving Tattersalls Ireland the chance to sell these impressive animals and whilst I appreciate the success of the sale was tinged with a certain amount of sadness for both of you, I would imagine that the high profile purchasers will give these animals every chance for the future.

On another matter I have been in touch with Eamonn in the printers and have confirmed with him that Tattersalls Ireland will pay for all the catalogues and for the printing.

Well done again.

Yours sincerely,

George Mernagh.
